

GRIP KILLS. THE TWO ADMIRALS

On the Weak, Worn-out and Infirm it Lays a Fatal Hand.

Terrible Epidemic Cutting a Wide Swath. Enormous Increase of Death Rate in Many Localities. Seventy out of Every One Hundred Die Due to the Grip.

La Grippe is a fatal disease. It has taken front rank before the dreaded small-pox, scarlet fever, diphtheria, etc., in that its number of victims and fatalities are treble those from these diseases. Every man, woman and child is exposed to its awful ravages. The atmosphere everywhere is thoroughly impregnated with the grip germ. It strikes straight to the very roots of life—the nerves. It shatters and tears asunder the foundation upon which life exists—and cuts off the vital thread in a remarkably short space of time.

To ward off La Grippe, or to fight it during an attack, Dr. Miles' Restorative Nervine is the proper remedy. It quickly eradicates all germs and overcomes the depressing after effects; quiets and soothes the nerves, invigorates the appetite, creates new life and vigor, and restores health.

Mr. Richard T. Green, Galeton, Penn., writes: "La Grippe laid its powerful grasp upon me about four years ago, and for some time I thought it would prove fatal. My nervous system was reduced to its lowest ebb, and my heart caused me considerable pain. I had seen Dr. Miles' Nervine and New Heart Cure advertised and knew that they had worked some wonderful cures, so I sent for a bottle of each remedy. My nervousness was checked by the very first dose, and in a few days I was able to sleep all right. Since then my life has been a joyful existence, due to the remarkable curative qualities of Dr. Miles' Remedies."

All druggists are authorized to sell Dr. Miles' Nervine on a guarantee that first bottle benefits or money refunded. Be sure you get Dr. Miles' Remedies. Take nothing else. Write us about your troubles and ailments and we will give you the honest advice of a trained specialist absolutely free. Book on heart and nerves sent free.

Sampson's and Schley's Advancement Considered In Executive Session.

THE SYSTEM OF PROMOTION

It Is Charged, Is a "Species of Favoritism"—Schley's Friends Warned That an Investigation May Develop Disagreeable Facts—Wellington of Maryland Champions Schley.

Washington, Jan. 24.—The entire executive session of the senate yesterday was devoted wholly to the discussion of the promotion of Admirals Sampson and Schley and other naval officers engaged in the Santiago campaign, over the heads of officers who were their superiors in rank.

The discussion arose over the resolution, of which Senator Butler was the author, calling for the documents. As originally offered it asked for the reasons for the advancement, but the resolution was modified so as to request the record only. The first vote was on a motion made by Senator Hale to lay the resolution on the table and on this the ayes and noes were taken, resulting: ayes, 17; noes, 35. The resolution was then allowed to pass without further division.

Sensors Gorman and Wellington (Md. Dem and Rep.) united in a fierce attack upon the navy department for favoring Sampson over Schley, while Senators Lindsay, Pettigrew, Perkins and Money attacked the whole system of promotion as "a species of favoritism which was not warranted by the facts." The method of the administration was defended by Messrs. Hale, Chandler and Lodge.

Sensor Wellington was especially zealous in his advocacy of the claims of Admiral Schley, and in his presentation of reasons why Admiral Sampson should not be preferred over him, and both he and his Democratic colleague, Mr. Gorman, made the statement that if the official papers were ordered they would demonstrate beyond possible question the fact that Schley and not Sampson fought the battle of Santiago. They contended that with Sampson 10 miles away he could not be accredited constructively with having command of the fleet on the memorable day when the Spanish vessels were sent to the bottom. On the contrary, they held that Schley was on the ground; he was the senior officer, and that he was engaged actively and most effectively in the conflict all the world knew, regardless of the favors of the government at Washington.

Sensors Hale and Chandler, both members of the naval committee, defended the action of the navy department in giving preference to those of Sampson in preference to those of Schley, and the friends of the latter officer were "warned that if they insisted upon pressing the investigation too closely some facts would be developed that would not be agreeable to them."

The charge was made that Schley had voluntarily left Santiago after reaching the vicinity of that port and after Cervantes had entered the harbor, and also the charge that when the Spanish fleet sailed through the narrow mouth of the channel, Admiral (then commodore)

Which Rides?

When a man is sick his work rides him instead of he riding his work. His daily task instead of being the means which supports and carries him on to comfort and prosperity becomes a crushing burden weighing him down. He has no strength, no ambition, he feels that there is nothing left but for him to stagger along until he drops, and then he is left to the tender mercies of his friends.

The prosperous man is the one who keeps the upper hand of his work, because he is strong, capable and energetic. Dr. Pierce's Golden Medical Discovery has brought the best kind of prosperity to thousands of men.

"For the last three years," says Mr. J. C. Morgan, of Monongah, Marion Co., W. Va., in a letter to Dr. Pierce, "I have been a constant sufferer from indigestion complicated with complaints generally accompany such cases. Always after eating there would be a formal attack of gas and a heavy load in my stomach. I would be up my foot after eating, bowels were very irregular. I would imagine I saw objects floating before my eyes. I had pain across my back. About December, 1896, I began feeling much worse than usual and was beginning to think I would have to suffer the remainder of my life. I was greatly discouraged. I described my case to Dr. Pierce's staff of physicians and they directed me to begin at once taking the 'Golden Medical Discovery' according to directions. I did so, and am happy to state I experienced most gratifying results, as all the unpleasant feelings have entirely left me. I have now a very good appetite, relish my food, and am pleased to say I feel one more like my former self. I recently walked a distance of one hundred and ten miles in about four days."

No remedy relieves constipation so quickly and effectively as Dr. Pierce's Pleasant Pellets.

Schley had made a reverse movement with the Brooklyn and gone in a direction opposite to that taken by the Spanish squadron instead of boldly attacking the enemy in the beginning. It was asserted that these facts were among those which the archives would reveal.

The friends of Admiral Schley declared they had nothing to fear from having all the facts known. Senators Lindsay and Pettigrew, who were not standing for either Sampson or Schley, made the point that these developments had merely emphasized the reasons why the senate should be put into possession of all the facts before voting. "I am not the champion of either of these officers," said Mr. Pettigrew, "but if Schley ran away from the enemy or showed a disposition to do so, I want to know it."

FIFTY-FIFTH CONGRESS.

Senator White Speaks In Support of the Vest Resolution.

Washington, Jan. 24.—Discussion of the policy of expansion occupied nearly all the time of the senate in open session yesterday. Mr. White (Cal.) one of the Democrats who has announced heretofore his opposition to ratification of the treaty of peace, addressed the senate in support of the anti-expansion resolution introduced by Mr. Vest (Dem. Mo.) and of the resolution offered by Mr. Bacon (Dem. Ga.), declaring that the Philippines ought to be free and independent.

He did not enter into a constitutional argument, but confined himself to a discussion of expansion as the policy of this government. He maintained that such a policy was contrary to the fundamental principles of this country, to its history and traditions, and declared his opposition to the ratification of the pending treaty of peace.

Yesterday was District of Columbia day in the house and the major portion of the time was devoted to local legislation. The only action of public importance was the passage of the bill to extend the navigation laws of the United States to the Hawaiian islands. The bill grants American register to all vessels flying the Hawaiian flag, owned by Hawaiian citizens July 7, 1898.

PEACE TREATY

May Be Carried Over Rather Than Risk Its Being Defeated.

Washington, Jan. 24.—Although the motion for an executive session was made by the chairman of the committee on foreign relations, the peace treaty was not taken up in the senate yesterday. The status of the treaty, as outlined by a member of the committee who favors ratification, is: The opponents claim to have 33 or 34 sure votes against the treaty. That would defeat it, which would necessitate an extra session. If there is to be an extra session, the friends of the treaty say they may as well take over have it ratified by this session. They do not propose to bring it to a vote unless they are sure of ratification.

An extra session, they say, will mean an extra session of the whole congress unless an unconditional appropriation is made to pay Spain the \$20,000,000 or unless some arrangement is made with Spain to extend the time of payment three months. The United States, it is said, would not like to make this request. It is believed that in view of the possibilities of an extra session unless the treaty is ratified at this session, the opponents will yield before adjournment as a very general desire is expressed to avoid an extra session.

Confirmed by the Senate.

Washington, Jan. 24.—The senate yesterday confirmed these nominations: Peter S. Grosscup of Illinois, United States circuit judge for the Seventh judicial circuit. Postmasters—Kentucky: J. W. Breathitt, Hopkinsville; F. H. Bristow, Elkton; M. M. J. Williams, Eminence.

Pension For Palmer.

Washington, Jan. 24.—Senator Culom has introduced a bill granting a pension of \$100 per month to ex-Senator John M. Palmer on account of his services as major general during the civil war.

Training School For Army Cooks.

Washington, Jan. 24.—Senator Mason has introduced a bill providing for the establishment of a training school for cooks.

BODY FOUND.

Supposed To Be That of Miss Taggart of the Paul Jones.
Jacksonville, Fla., Jan. 24.—A special to the Times-Union and Citizen from Miami says: "The richly dressed body of a young woman, probably that of one of the party lost in the wreck of the naphtha launch Paul Jones, was found by Captain T. M. Rickardo Sunday morning at Boca Ratons. The gulf stream swings in close to the shore at that point. The dress is of soft wool material with narrow stripes, gray, red and black; the jacket is striped in blue and purple. The undershirt was of red flannel, the stockings black and the boots leaved."

The hair and most of the flesh on the head of the body was gone. The body was that of an apparently small woman of good figure. The height was about 5 feet 1 inch. Part of her clothes were torn away by the waves.

By some it is thought to be the body of Miss Florence Taggart of Indianapolis, to whose family a description of the clothing has been wired.

Dreadful CROUP

Mothers, when your children are attacked by the dreadful croup, you need not despair; Dr. John W. Bull's Cough Syrup will relieve and cure this disease at once. You can always depend on this marvelous remedy; it never fails to cure. For whooping-cough and measles-cough it is the best remedy in the land. Children like it.

Dr. Bull's Cough Syrup

Will cure Croup without fail. Doses are small and pleasant to take. Doctors recommend it. Price 25 cts. At all druggists.

Pulliam, the man who gave himself up to officers at Stockton, Cal., Sunday is wanted here for having defaulted as cashier of the Asheville National bank in 1893. Nothing has been done about the matter and it is doubtful if anything will be done by the state. It is not believed that Pulliam has any of the money he is alleged to have stolen and, therefore, bringing him back to Asheville would be a useless expense. He will likely go free unless the federal government chooses to prosecute him.

SENATOR QUAY.

The Last Ballot For Senator Shows Him Twelve Votes Short.

Harrisburg, Pa., Jan. 24.—The fifth ballot for United States senator yesterday showed no change in the situation. Senator Quay still leads with 12 votes short of the necessary number to elect. Peter A. B. Widener, the traction magnate, received two votes yesterday from anti-Quay members. The Democrats are still united on Jenks, and the anti-Quay Republicans are divided between a half dozen candidates, with Congressman Dalzell of Pittsburgh the favorite.

Earthquake Shocks Continue.

Athens, Jan. 24.—There fresh earthquake shocks yesterday in the provinces of the Peloponnese, particularly in the districts of Kyparissia and Philatra, in the department of Messenia, on the Ionian coast. In the town of Kyparissia a number of houses which were damaged by Sunday's shocks collapsed yesterday afternoon, injuring many. In one village 50 children were injured.

ROSENCRANZ CASE.

District Attorney Wishard Drops the Mount Vernon Bank Prosecution.
Evansville, Ind., Jan. 24.—The prosecution of E. W. Rosenkrantz for alleged false entries in the books of the Mount Vernon First National bank was dropped yesterday. District Attorney Wishard decided to dismiss the case because of the acquittal of Albert Wade, assistant cashier, on a similar charge. Rosenkrantz was cashier. This ends the Mount Vernon case as Ann Williams, the president, is dead. That the bank was wrecked is known, but who got the money is not known.

Death of Dr. Gillen.

Wabash, Ind., Jan. 24.—Dr. H. H. Gillen, one of the wealthiest residents of Wabash and the owner of extensive orange groves at DeLand, Fla., died yesterday at the latter place of cancer, of which he had long suffered. He was born at Mount Sterling, Ky., in 1818, beginning the practice of medicine in 1838. He moved to Wabash in 1854. Four daughters and one son survive him, one daughter being the wife of J. A. Kantz of the Kokomo Tribune. His remains will be buried at DeLand.

THE EAGAN CHARGES

What the Commissary General Will Be Compelled to Plead To.

HIS LANGUAGE IS QUOTED

Specifications Say It Was Disgraceful, Grossly Insulting and Ungentlemanly—Nature of Eagan's Plea Not Yet Determined On—Strong Legal Contest Looked For.

Washington, Jan. 24.—The charges and specifications upon which Commissary General Eagan is to be tried have been given to the press. The charges and specifications are as follows:

Charge 1—Conduct unbecoming an officer and a gentleman.

Specification—In that Brigadier General Charles P. Eagan, commissary general of subsistence, United States army, did, while testifying as a witness before the commission appointed by the president to investigate the conduct of the war department in the war with Spain, submit and read as a part of his testimony a certain written statement in which he did make use of, and thereby publish, the following disgraceful, grossly insulting and ungentlemanly language with reference to Major General Nelson A. Miles, commanding the army, namely:

"If and when General Miles charges that it (meaning tinned fresh beef) was furnished as a 'pretense of experiment,' he lies in his throat, he lies in his heart, he lies in every hair of his head and every pore of his body, he lies wilfully, deliberately, intentionally and maliciously."

In denouncing General Miles as a liar, when he makes this statement, I wish to make it as emphatic and as coarse as the statement itself. I wish to force the lie back into his throat covered with the contents of a camp latrine."

Charge and specification 2 reiterates the above and continues: "His statement is a scandalous libel, reflecting upon the honor of every officer in the department who has contracted for or purchased this meat, and especially and particularly on the commissary general—myself. In denouncing General Miles as a liar, when he makes this statement, I wish to make it as emphatic and as coarse as the statement itself. I wish to force the lie back into his throat covered with the contents of a camp latrine."

"I wish to brand it as a falsehood of whole cloth without a particle of truth to sustain it, and unless he can prove his statement he should be denounced by every honest man, barred from the clubs, barred from the society of decent people, and so ostracized that the street blackbills would not condescend to speak to him, for he has fouled his own nest, he has aspersed the honor of a brother officer without a particle of evidence or fact to sustain in any degree his scandalous, libelous, malicious falsehood, viz: that this beef or anything whatever was furnished the army 'under pretense of experiment.'"

The precise nature of General Eagan's plea has not yet been determined upon. So far as the charges are concerned it is understood that General Eagan will not plead guilty to either of them. A strong legal contest is looked for in the proceedings before the courtmartial.

PLEADS GUILTY

Louis J. Snure Commits Forgery For Money to Doctor His Wife.

New York, Jan. 24.—Louis J. Snure, the clerk who forged for \$20,000 and who spent the money trying to cure his wife of consumption, yesterday pleaded guilty to forgery in the second degree. He was remanded until Friday for sentence. The deferring of the sentence was to enable Snure to see his wife once more before she dies. She has no chance of life and her death is expected at any hour.

The Turk Beaten.

Chicago, Jan. 24.—Hall Adali lost his match with "Farmer" Burns and Jack Rooney last night. He was to have thrown them each twice in 90 minutes, but failed. He threw Rooney first in 30 minutes, then Burns in eight minutes and 28 seconds; Rooney again in two minutes and 40 seconds, and Burns remained the limit. The Turk showed himself a first class wrestler and went at his work with good humor and fairness.

AN ORGAN GRINDER

Who May Become a Member of England's House of Lords.

London, Jan. 24.—William Henry Earl Poulett died in this city Sunday in his 72d year. It is probable that the succession to the title and estates will be disputed.

The deceased earl was thrice married. According to gossip he made a wager, when a herum scarum youth and traveling about, that he would marry the first woman he met on landing in England.

Accordingly at Port Sea in 1849, he married Miss Elizabeth Virginia Newman, daughter of a land port pilot. Within a few months she gave birth to son whose paternity her husband denied. The couple from that time lived apart, the wife dying in August, 1871. The child, who now calls himself Viscount Hinton and claims the succession, has long been living on the streets of London as an organ grinder and his pretensions were always sternly repudiated by the deceased earl. Legal advisers say his claim cannot be successfully resisted.

NEGROES DECIDE

To Spot the Homes of the Strikers at Pana, Illinois.

Pana, Ills., Jan. 24.—The negro miners, 600 strong, assembled at the Alabama hotel for the purpose of "getting together" on a plan of campaign to be followed in case the striking union miners attack them when the militia is removed, which they believe is only a question of a few days, or weeks, at most. It was agreed that the homes of all the ultra-strikers and their sympathizers should be spotted. The strikers were roundly denounced, and the decision that a blow for a blow is necessary was quickly reached. It was the feeling of the meeting that the colored miners of Pana are amply able to defend themselves against any force of strikers likely to invade the city, when not hampered by the militia. At a subsequent meeting all details will be arranged and commanders of squads selected.

DEATH PROPHET

Meier Goodman Beaten and Thrown Into the Street.

Peoria, Ills., Jan. 24.—Peoria's death prophet, Meier Goodman, who created so much excitement last week in predicting the death of Israel Block, visited William Faergler, who is sick with the grip. A number of Faergler's friends were present, several of whom were included in his death list.

His entrance created a stir among the friends of the sick man and when he began to speak, one of the spectators, the date of whose death is set for June 15th, and whose child died on the date fixed, nearly fainted.

Some of the sterner nerved of the party, after a moment's pause, broke the spell by falling upon the prophet, beating him and thrusting him out into the street, but his influence remained behind and consequently there is a good deal of anxiety among those who were present.

NOTABLE RACE

Mexican Authorities May Fail to Secure Forger Morphy.

Washington, Jan. 24.—There will be a notable race against time in the effort of the Mexican authorities to secure the person of Santiago Morphy, the Mexican National bank employee, who is wanted on a charge of forgery amounting to \$70,000. Morphy is now held under arrest in New Orleans and as the extradition treaty expires with the end of today, there must be some lively work on the part of the Mexican authorities to get their man across the boundary line before then. Saturday last the state department delivered to Senor Gondoy, the Mexican charge here, the papers necessary to secure the delivery of Morphy to the Mexican police agents, but as these papers were entrusted to the mails it is a toss up whether or not they arrive in time to secure the man.

SAMOA AFFAIR

German Consul Did Not Order the Closing of the Supreme Court.

Berlin, Jan. 24.—The United States ambassador, Andrew D. White, has not yet received instructions from Washington in regard to the recent troubles in Samoa. The National Zeitung declares that no suggestion of a conference on the subject of Samoa has yet been made by any of the governments interested. The foreign office dispatches yesterday gave important details of the disturbances. It appears that the supreme court at Apia was not closed by the German consul's order, but by the orders of the Samoan government. It is said that the German consul was not even present when the incident occurred.

REPRESENTATIVE ROBERTS, of Jefferson county, has introduced a bill which provides that non-residents of the state attending the State University, State Normal or Purdue University shall pay a tuition fee of \$25 a term or \$75 a year which should become a law. Such a law exists in Michigan and other states.

SENATOR HAWLEY has forwarded to the town clerk of Hartford, Conn., in accordance with law, a sworn statement as to the cost to him of his reelection to the Senate, which is as creditable to him as it is to the Connecticut legislature. It shows that Mr. Hawley spent no money, except for postage, and that less than \$3 was spent for that.

LIEUTENANT-GOVERNOR HAGGARD, like most of those who want to continue an educational trust in the state, does not want to understand the position of those who desire the state board of education reconstituted. He says he is opposed to a change because "sectarianism should be kept out of the public school system." The fact is there has been no proposition to introduce "sectarianism" in the public schools. There has been no such a bill before the legislature and it would seem that the Lieutenant-Governor ought to know that there has not. All the talk that there has been along that line has come from those who do not want a state board of education that would regard with favor all the important educational interests in the state.

Would Restrict Mileage Allowances.
EDITORS REPUBLICAN: In a recent issue of the REPUBLICAN I find this paragraph:

The present law regulating mileage granted to members of the legislature is evidently wrong and should be amended. A senator or representative should not be granted more for mileage than he necessarily pays out for that purpose.

The proper remedy would be to allow no mileage to such members of the General Assembly as accept free passes from the railroad companies. This would result in a great saving to the state and would be far more equitable than to reduce mileage allowances.

IT WAS ONLY A CAT.

Yet the Whole Neighborhood Were After a Burglar.

All the residents in the neighborhood of Walnut and Fourth streets were out last night looking for a burglar. A suspicious noise was heard on a tin roof. It sounded like the footsteps of a man and the conclusion was at once reached that a real live burglar was coming down from above. "An excited young man rang the neighbors' door bells and in an undertone told what was the matter. Soon an armed force was on hand looking for a two story burglar. They moved about cautiously and quietly. The midnight silence was becoming painful, until it was broken by a "me-ow" from the direction of the house top. Out walked the midnight prowler to the edge of the roof and with gleaming eyes looked down at the burglar hunters. It was only a cat that had been mistaken for a "thief in the night."

Arthur Jerrell, of the Progress Furniture Factory, who has been confined to his home for ten days with tonsillitis, is able to be out today.

Wm. Patrick and John Herman swapped teams a few days ago, and each gentleman made at least \$50 in the trade.

We understand a Mr. Kelley of Tampico, will lease the Sittering property and conduct a general store here sometime this spring.

Last week Samuel F. Hunt and Ralph Erwin sold their property here to Henry Pollert, consideration \$2,200. They bought the Pollert residence for \$400 and Jas. Mullen's farm near Free-town for \$2,000. Hunt taking the Pollert property and Erwin the Mullen farm. Mr. and Mrs. O'Donnell will reside with Erwin. All parties in the trade will move to their new homes at an early date.

Our citizens in this part of the township now fully realize the love of John Burrell and "Me-to" Gibson when going to the geographical centre by having to pull through nearly a half mile of mud while our brethren entering by the other roads have gravel roads to the very centre of town. While we greatly respect Mr. Burrell we must enter a kick, not against his illegal way of improving Brownstown streets with county funds, but because the street mostly used by our citizens wasn't fixed. We also suggest a change in the board of civil engineers if they don't improve on their surveys and estimates as the Honeytown, Shields and Cortland pike was a shameful waste of the people's money. That road was badly needed but what shape is it now? almost impassable and we just had a small overflow. It seems incredible that any engineer would suggest graveling byways—or rather sanding them, as our commissioners have a failing to receive gravel roads (so called) that are nearly all fine sand.

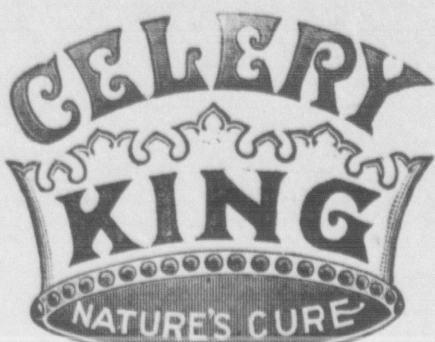

A LOVELY WOMAN

is the fairest flower in the garden of humanity. Every woman may be lovely after her own style, with sparkling eyes and rosy cheeks, and with every line of beauty fully developed.

Pink Malt Extract, The "Best" Tonic, will bring out her beauty, fill in the hollows, cover up the bones and angles, round out the curves, and develop all her lines of beauty. It is a flesh and tissue builder that will make any woman plump and round and rosy, as she was meant to be. Try it yourself and your mirror will show you a pleasant surprise.

At all drug stores.

No More Rheumatism.

For years my wife suffered from rheumatism. She tried many remedies, but got little benefit, and we had about given up all hope of relief when we heard of Celery King, and my wife began using it. This great medicine has, apparently, driven all the poison out of her system, and has certainly released her from a life of pain.—G. P. Cushing, North Abington, Mass.

Celery King CURES diseases of the Nerves, Stomach, Liver and Kidneys. Sold by druggists, 25 and 50c.

SURPRISE.

The grip is still raging.
Fred Holtz is on the decline.

Wm. Claycamp is feeling worse again.
Silas Wright made a call on us Sunday.

White Creek has been out of its banks.

One of James Dixon's twin children is sick.

Miss Katie Darlage is improving in health.

We are enjoying some fine weather at this writing.

John Hedrick and family left Sunday for Jennings county.

Harley Gorbet and Wm. Wells were guests of the school.

Our doctor reports a considerable amount of sickness.

John Loranse has had another severe attack of heart trouble.

Mrs. William Anderson returned to her home at Elizabethtown.

Wm. Sluter and Everett Richards made a call on us Saturday.

Dr. Robt. Rose, who was passing through stopped over night here.

The clay wheat is said to have been badly damaged by the winter freezes.

Misses Ella and May Rose made a call on Misses Jennie and Kitty Pennock.

John Wells intends starting his saw mill on Rose's place in the near future.

Jake Bottorff is materially improving the appearance of his White Creek farm.

Willard Isaacs, who is teaching school at Bobtown was home on a visit Sunday.

James Ewing and family spent Sunday evening with Wm. Isaacs and family.

Jake Brackemyre and our scribe were callers down on the "sand belt" Sunday.

Harman Darlage and Jasper Lynch made a flying trip to Brownstown Saturday.

Rev. Ketterhenry of Waymansville, was the guest of Wm. Brackemyre Sunday night.

Our Sabbath school was dismissed Sunday on account of the funeral of Grandma Isaacs.

Fred Runger has moved from the Heckman place to Wm. Schrellik's place south of Surprise.

Our young folks are trying to organize a literary society and have a temporary programme arranged for Friday night.

A strange light has been seen in this corner and a "haunted place" believed to be found; maybe some of our able staff will ferret out the mystery and report it.

Mrs. Highly Isaacs, better known as "Aunt Highly" aged 84 years died Friday at her home in Surprise. Her maiden name was Reynolds. She was born in Tennessee in 1815. At the age of 15 she united with the Christian church of which she was ever after a devoted member. She was married to William Isaacs, who preceeded her to the grave in 1833. Their union was blessed with eleven children five of whom still survive—four boys and one girl. Aunt Highly was much respected and will be greatly missed by all who knew her. The funeral services were held at this place in the M. E. church by Rev. G. M. Shuttles, Sunday, after which the remains were interred in the Cortland cemetery.

District Meeting, K. of P.

The Knights of Pythias of the Seventh District, Grand Domain of Indiana will hold a meeting at North Vernon, February 14. The local Knights are receiving notices of the meeting from Fred B. Nauer, district deputy grand chancellor.

Conductor Will Corthum who has laid off a month with grip is better and reported for duty today.

Engineer Henry Schroeder who has been off for two weeks on account of sickness will report for duty tomorrow.

Louis E. Wood, formerly train dispatcher at Washington is now dispatcher at Milan, having resigned the former position account of ill health.

D. L. Watson, of Terre Haute, District deputy B. P. O. E., is in the city making arrangements for the institution of Seymour Lodge February 1.

FISH AS FOOD.

The Dark Is Better Than the White For an Active Person.

Mrs. S. T. Rorer, in The Ladies' Home Journal, contends that there has not been a sufficiently accurate analysis upon which to base any table regarding the chemical composition of fish at all reliable. "The albuminoid matter in white fish, as cod, haddock and halibut, is in about the same proportion as in beef and mutton. They contain, however, more phosphorus—the active fish, such as trout and pickerel, containing a still greater amount, due no doubt to their activity. The amount of carbon depends largely upon the amount of fat they contain. The whitefish are, therefore, deficient in carbon. If you should ask an intelligent cook what vegetable to serve with a boiled white fish she would answer quickly, potatoes, as they supply the wanting carbohydrates.

"There are other kinds of fish, however, such as salmon, catfish and sturgeon, that are quite well supplied with carbohydrates, in consequence of which they are not so easily digested as the white fish. The more oil they have dispersed through the body, the more difficult the digestion. In the white fish the fat is held in the liver; in the dark fish it is dispersed through the entire flesh. From this fact we learn that dark fish make a much better diet for the active man. Many authorities affirm that the more active fish, as well as the more active animals, give better muscle making food than their more indolent relations."

A Good Memory.

Often saves money and also good health. If you are troubled with constipation, indigestion or any form of stomach trouble remember to take home a bottle of Dr. Caldwell's Syrup Pepsin and health will be restored to you. Trial sizes (10 doses) large sizes 50 cents and \$1.00 of A. J. Pellen's, Druggist.

In its advanced and chronic form a cold in the head is known as Nasal Catarrh and is the recognized source of other diseases. Having stood the test of continued successful use, Ely's Cream Balm is recognized as a specific for membranous diseases of the nasal passages, and you may make a great mistake in not resorting to this treatment in your own case. To test it a trial size for 10 cents or the large for 50 cents is mailed by Ely Brothers, 56 Warren Street, New York. Druggists keep it.

LaGrippe Successfully Treated.
"I have just recovered from the second attack of la grippe this year," says Mr. Jas. A. Jones, publisher of the Leader, Mexia, Texas. "In the latter case I used Chamberlain's Cough Remedy, and I think with considerable success, only being in bed a little over two days against ten days for the former attack. The second attack I am satisfied would have been equally as bad as the first but for the use of this remedy as I had to go to bed in about six hours after being 'struck' with it, while in the first case I was able to attend to business about two days before getting 'down.' For sale by C. W. Milhous.

Lung Irritation
Is the forerunner to consumption. L. Bell's Pine-Tar-Honey will cure it, and give such strength to the lungs that a cough or cold will not settle there twenty-five cents at all good druggist.

Try Grain-O! Try Grain-O!
Ask your grocer today to show you a package of GRAIN-O, the new food drink that takes the place of coffee. The children may drink it without injury as well as the adult. All who try it, like it. GRAIN-O has that rich seal brown of Mocha or Java, but it is made from pure grains, and the most delicate stomach receives it without distress. 1/4 the price of coffee. 15c. and 25c. per package sold by all grocers.

How to Prevent Pneumonia.
You are perhaps aware that pneumonia always results from a cold or from an attack of la grippe. During the epidemic of la grippe a few years ago when so many cases resulted in pneumonia, it was observed that the attack was never followed by that disease when Chamberlain's Cough Remedy was used. It counteracts any tendency of a cold or la grippe to result in that dangerous disease. It is the best remedy in the world for bad colds and la grippe. Every bottle warranted. For sale by C. W. Milhous.

La Grippe is surely contagious. Dr. Miles' Restorative Nervine is a sure preventive.

THE WITCH'S CURSE.

A GLOOMY OLD LEGEND OF THE TOWN OF BUCKSPORT, ME.

The Imprecations and Prophecy of the Condemned Woman on the Scaffold Recalled by a Strange Blenish on Col. Buck's Tombstone.

Close by the country road on the outskirts of the sleepy old seaport town of Bucksport, on the Penobscot, down in Maine, is a small family cemetery. Within the inclosure, with its high iron fence, in the quiet and almost gloomy shade, sleep the Bucks, the blueblooded and aristocratic clan which first settled the town and bequeathed it their name—and a legend.

Of the many moss grown tablets and monuments the largest and most conspicuous is a tall granite shaft in plain sight of the highway. On one side is the inscription:

COL. JOHN BUCK,
The Founder of Bucksport.
A. D. 1762.
Born in Haverhill, Mass., 1718.
Died March 18, 1796.

On the other side is the single word "Buck," and also something not wrought by the marble worker. On the smooth surface of the pedestal is a curious outline, irregular and describing that which can easily be imagined to be the form of a foot of normal size. Some people say that it is a foot, but those are of the superstitious town folk who believe the legend which has been choice stock in Bucksport for many years.

They that delight in perpetuating this story say that Colonel Jonathan Buck was a very stern and harsh man and the leading spirit of his day and generation. His word was law in the community. He was the highest in civil authority and his decision as immovable as the granite hills that loom up in the haze of the northern horizon.

He was most Puritanical, and to him witchcraft was the incarnation of blasphemy. Thus, so the story goes, when a certain woman was accused of witchcraft, at the first clamorings of the populace Colonel Buck ordered her to be imprisoned, and later, after a mere form of a hearing, she was sentenced to be executed as a witch. She pleaded to Buck for her life, but as to a heart of stone.

The day of the execution came and the condemned woman went to the gallows cursing her judge with such terrible imprecations that the people shuddered, but the magistrate stood unmoved and made a sign to the officers to hasten the arrangements. All was ready and the hangman was about to perform his gruesome duty when the woman turned to Colonel Buck and raising one hand to heaven as if to direct her last words on earth pronounced this astounding prophecy:

"Jonathan Buck, listen to these words, the last my tongue shall utter. It is the spirit of the only true and living God which bids me speak them to you. You will soon die. Over your grave they will erect a stone, that all may know where your bones are crumbling into dust. But listen! Upon that stone the imprint of my feet will appear, and for all time, long after your accursed race has perished from the face of the earth, will the people from far and near know that you murdered a woman. Remember well, Jonathan Buck, remember well!"

Then she turned to her executioners and another act, one of the forever ineffaceable blots, was made a part of American colonial history.

The "witch's curse," as it was called, and is to this day, was almost forgotten until many years afterward, when the monument was erected to the memory of Bucksport's founder. It had been in position hardly a month when a faint outline was discovered upon it. This gradually grew more and more distinct until some one made the startling discovery that it was the outline of a foot which some supernatural draftsman had traced on the granite. The old legend was revived and the Buck cemetery was for years the Mecca of the superstitious and curious for miles around.

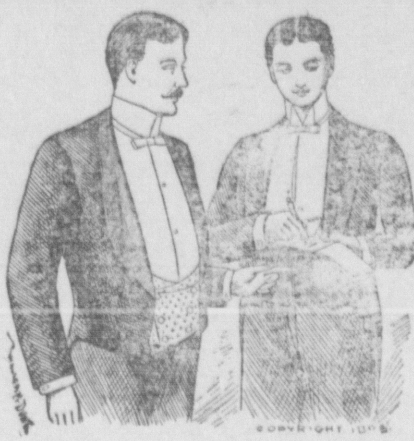

The "witch's curse" had been fulfilled, they said. An attempt was made to remove the stain, but all efforts tended only to bring the outline out in bolder relief. The stain or whatever it was seemed to penetrate to the very center of the stone.

The hinges of the big gate have creaked for the last time to admit a Buck. The last of the race has been laid to rest beneath the oaks and maples, and the setting sun throws the shadow of the once mighty Colonel Jonathan Buck's monument athwart the double row of mossy mounds, as if still exerting his authority, and the same rays light that mysterious tracing held up to the view of all that pass and re-pass along the dusty turnpike.

The imprint of the foot is a fact, and is there today as plain as ever. The legend of the "witch's curse" may or may not be a fact. The fanciful legend, but the practical point out the apparent discrepancy between the dates of the era of witchcraft persecution and the regime of Colonel Buck. They say that the stain is simply an accidental fault in the granite, and that the legend was made to fit the foot and not the foot the legend. But the foot is there.—Philadelphia Inquirer.

It is impossible to promise particular features that will appear in the "AMERICAN MONTHLY" during the coming year, for it is, as the Bookman says, "a great monthly newspaper." As such, it prints for its readers an illustrated account of the notable things which make the history of the month, of the political, economic, and literary happenings which are of value to intelligent men and women. The Editor's "Progress of the World" tells succinctly an illustrated story of the month. The "Leading Articles" give the best thought and information of the current magazines in five continents; the contributed articles furnish the character sketches of the man of the month, and give timely discussions by authorities on any question of immediate serious import.

The result of this comprehensive effort to edit in one monthly volume the information needed by intelligent people of "live" instincts is best gauged in the opinions which the readers of the AMERICAN MONTHLY have seen fit to express. These are thinking business men, clergymen, editors, lawyers, professors, engineers, the wide-awake women of America. They write that the AMERICAN MONTHLY "is indispensable"; "is simply invaluable"; "is a generous library in itself"; "is a historical cyclopedia of the world"; "the best means of aid for a busy man"; "the best periodical of the kind we have ever had"; "a triumph of editorial genius"; "the world under a field-glass," etc., etc.

The World Almanac.

The World Almanac and Encyclopedia for 1899 is one of the best ever issued. It is unquestionably the best manual of its kind issued. The 1899 issue contains a condensed, though complete history of the Spanish-American war, with illustrations and a battle calendar that is invaluable. If you want the best get the World Almanac. Price 25 cents.

Deafness Cannot Be Cured

By local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.

Strayed or Stolen.

A sorrel horse belonging to the Blish Milling Company has been missing since Monday morning. The horse either got out of the stable over at the mill Sunday night and strayed off, or was stolen. The stable door was standing open Monday morning.

Robbed He Grave.

A startling incident of which Mr. John Oliver of Philadelphia, was the subject is narrated by him as follows: "I was in a most dreadful condition. My skin was moist yellow eyes sunken, tongue coated, pain continually in back and sides, no appetite gradually growing weaker day by day. Three physician had given me up. Fortunately, a friend advised trying Electric Bitters and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cts per bottle at W. F. Peter's drug store.

Texas and the Great Southwest.

The quickest and best time to Texas and Arkansas from this section is made via Louisville and Memphis. The Illinois Central Railroad runs fast vestibuled trains with Free Reclining Chair Cars and Pullman Sleepers from Louisville to Memphis and New Orleans, every night. Free Chair Cars are also run from Memphis to points in Texas and Arkansas.

Railroad fares are reasonable. Legislatures in different States are from time to time urged to tinker with passenger tariffs on railways and enact a law compelling a general charge of two cents per mile. The current rate is three cents, but the average falls below that owing to concessions granted for special occasions. Persons who appreciate the convenience and comfort provided by the railways will not consider a three-cent fare exorbitant. The present charge for a twenty mile ride on a railway will not pay for horse hire for such a trip, to say nothing of the time required for an overland journey and the discomforts of muddy roads and inclement weather.

Same Via Washington. Fares to Philadelphia and New York over the Pennsylvania Lines. Tickets to Philadelphia and New York over the Pennsylvania Lines do not cost any more via Washington than via direct route of the Pennsylvania System. Ten days' stop-over at the National Capital may be enjoyed by passengers via Washington, and those holding tickets to New York may enjoy an additional ten days' stop over at Philadelphia. For rates, time of train, and other particulars apply to nearest Ticket Agent of the Pennsylvania Lines, or address W. W. Richardson, District Passenger Agent, Indianapolis, Ind.

WASKOM

Frank Beldon and family visited in East Grassy Sunday.

A. M. Duncan is breaking a young horse to ride for A. J. Waskom.

Henry Fodding and family were the guests of Mrs. Ada Russell Sunday.

Florence Prince, of Oldtown, was present at the birthday dinner at Pleasant Grove Sunday.

Maggie Empson has resigned her school on account of ill health. Her sister Nettie is filling the place.

Andrew J. Waskom, teacher of the Oldtown school, has been quite sick the past week with what seems to be acute Bright's disease.

Jacob Waskom was seventy-six years old Sunday and his children and friends pleasantly reminded him of the occasion. The ten children were all present except Jacob, Jr., who lives in Hammond. There were about fifty persons present and partook of the blessings of the day.

How to Find Out

Fill a bottle or common glass with your water and let it stand twenty four hours: a sediment or settlement indicates an unhealthy condition of the kidneys; if it is stains your linen it is evidence of kidney trouble; too frequently desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What to Do

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and sealding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day and to get up many times during the night. The mild and extraordinary effect of Swamp Root is soon realized.

It stands the highest for its wonderful cure of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty cents and one dollar sizes.

You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail, address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention that you read this generous offer in the SEYMOUR REPUBLICAN.

THE MILEAGE BILL

Minority Committee Report Favoring a Reduction to 10 Cents Adopted.

OLDMAN HURLED TO DEATH

Ex-Sheriff George W. Wilson Killed at Rushville—Two Freight Trains Collide Near Garrett and Four Engines Are Almost Demolished—Rosenbaum Case Is Dismissed.

Indianapolis, Jan. 24.—The question of railroad mileage was up in the house yesterday and was argued from all phases. The bill by Mr. Roberts (Rep.) to decrease the mileage allowance from 20 to 10 cents per mile, was reported unfavorably by a majority of the committee on rights and privileges. Several members thought the allowance was only just compensation for loss incurred in campaign expenses, which the average legislator cannot afford. Mr. Blankenship thought some deserved the mileage, but those who felt they did not could clear their conscience by turning it to the state treasurer.

Representative Powers (Rep.), the rural member from Jay county, made his maiden speech yesterday on this subject. He thought the legislators were getting more than the average workmen, and he, for one, was willing to turn back to the state at least half of the mileage given him.

Mr. Willoughby (Rep.) said a steal of 7 cents from the state was as bad as one of 17. He favored reducing it to 3 cents per mile.

Mr. Huff said he would use his passes as long as the railroads furnished them, and could do so and legislate conscientiously, too.

The minority report was adopted, but the bill will doubtless be amended to allow but 3 cents per mile on second reading, though many feel that 20 cents is not more than enough to cover actual expense to some of the members.

The greater part of the session of the senate was given to a discussion of Senator Agnew's best sugar bill, which provides that a bounty should be paid for every pound of beet sugar raised in Indiana. The majority report unfavorable to the bill was adopted.

The same bill was introduced in the house by Mr. Furness, and about the same line of argument was made there as in the senate. The rural members doubted whether the recipient of the intended benefit in this effort to encourage the beet sugar industry in Indiana would be the farmers who raised the beets or the companies that manufactured them. The motion to strike out the enacting clause in the bill was lost, however, as most of the members wanted time to more fully consider the proposition.

The bill was introduced in the senate by Senator Agnew (Rep.), and in the house by Representative Furness (Rep.). The bill for the protection of merchants against debtors, commonly classed as "dead beats," failed in the house. The bill as understood by most of the members provided for imprisonment for debtors who had intended to defraud, and also provided that no property of such "dead beats" should be exempted from creditors' claims.

A bill was introduced by Mr. Huff (Rep.) creating a state railroad commission.

A bill passed the senate allowing the state gas supervisor to stop all leaks in natural gas wells or pipes and collect the cost of making such repairs from the owners.

HONEYTOWN

John Meyers' family all have the grip.

Our school had to dismiss three days on account of high waters.

Mrs. Enoch, of Pleasant Grove, was visiting at this place last Sunday.

Mrs. Mollie Tidd, of Brownstown, is visiting her sister, Mrs. Alice Cooley.

Charley Isaacs was taken over the waters in a boat Monday morning to school.

The friends and neighbors of Aunt Margaret Robertson cut her a supply of wood.

Rev. Jones filled the pulpit of the Christian church at this place Saturday night, Sunday and Sunday night.

Edward Sewell and wife and Mrs. M. N. Sewell, of this place, spent Sunday with Charley Enoch and wife.

Mrs. Hattie Lucas, of Toledo, Ohio, was called to Seymour to attend the funeral of her father. She then came here to visit her stepmother, Mrs. Margaret Shepard.

Died: Mrs. Margaret Shepard, Jan. 19, at the home of her sister, Mrs. C. W. Murphy, where she had been since the death of her daughter. She died one week after the death of her husband. She leaves one sister, Mrs. C. W. Murphy.

Fooled the Coroner.

Sodom, Ind., Jan. 24.—Lewis Harrison, near here who was struck by a falling limb and was so nearly dead that a "squire" was called to hold an inquest, recovered in time to prevent a finding that he was dead. Although he has a broken shoulder and perhaps a fractured skull, he will recover.

Making Maple Molasses.

Mooresville, Ind., Jan. 24.—C. B. Rariden, owner of one of the largest sugar camps in Indiana, has tapped his maple trees, and is making molasses. The season is one of the earliest known for years.

Indiana Postmasters.

Washington, Jan. 24.—Indiana postmasters were appointed yesterday as follows: Hackleman, Frank McCabe; Ijamsville, Oliver P. Overman; Payne, Jefferson Ray.

WAR CORRESPONDENTS.

Are They a Detriment to the General Commanding an Army?

Everything in a campaign depends upon the general in command, upon his coolness, resourcefulness and rapidity of glance. He may be a man who dislikes correspondents, a dislike they are certain to return, and he feels therefore as if he were perpetually watched in the gravest crises by personal enemies, a feeling which would have been fatal to Marlborough or Eugene of Savoy, the two commanders most remarkable for immovable sang froid. Everybody is not born with the advertising spirit, and there are insects which under a burning glass feel torture instead of that enjoyment of warmth which the operator maintains they ought to feel. Imagine the condition of a general like Frederick the Great, whose main business during three years of his campaigning life was to repair defeat, with 80 "correspondents" in his camp reporting every disaster, every preparation and every execution of the incompetent or the unruly!

It would be maddening to such a general to know that the distribution of blame or fame did not depend upon himself, but would be taken out of his hands by writers not under his command, who would declare that an attack like that on Spelcheren, which almost cost an army corps, was "imperfect" because it succeeded, or that the perhaps best general in the army was habitually a little late in issuing his commands. We do most seriously believe that there are officers of the highest merit in the British army from whom the country will never obtain the best service they are capable of performing because of the multitude of reporters in the camps. That is a thought which those who are responsible for armies are bound to ponder, and, knowing as they do its truth, we do not wonder that they doubt whether to interest the readers of newspapers is an advantage sufficient to outweigh so many risks.—London Spectator.

There Is a Class of People.

Who are injured by the use of coffee. Recently there has been placed in all grocery stores a new preparation called GRAIN-O made of pure grains, that takes the place of coffee. The most delicate stomach receives it without distress, and but few can tell it from coffee. It does not cost over 1/2 as much. Child ren may drink it without great benefit. 15c and 25c per package. Try it. Ask for GRAIN-O.

An Important Question.

If your friends or neighbors are suffering from coughs, colds, sore throat, or any throat or lung disease (including consumption), ask them if they have ever used Otto's Cure. This famous German remedy is having a large sale here and is performing some wonderful cures of throat and lung diseases. No matter what other medicines have failed to do, try Otto's Cure. Large sizes 25c by all druggists.

HURLED FIFTY FEET.

Ex-Sheriff George W. Wilson of Rushville Killed.

Rushville, Ind., Jan. 24.—George W. Wilson, 60 years old, sheriff of Rush county for two terms in the 80's, was killed yesterday by a passenger train on the Cincinnati, Hamilton and Dayton railway at the Main-street crossing. The flagman was busy looking after vehicles, and Mr. Wilson, who was deaf, did not hear the note of warning sounded by Engineer Sullivan, who was unable to stop his train. Mr. Wilson was struck by the pilot of the engine and was hurled 50 feet away, his neck being broken. He was a veteran of the civil war, and a son is serving with an Indiana regiment at Havana.

COLLISION.

Two Freight Trains Come Together and Four Engines Are Wrecked.

Garrett, Ind., Jan. 24.—East and west-bound freight trains on the Baltimore and Ohio railway line came together with a crash at a siding near here. The westbound train was an extra, and there is a sharp down grade just before the siding is reached. The airbrakes refused to work and the engines rushed into the eastbound train, standing on the main track, with terrific force. Each train had two engines, and all four were badly wrecked, as well as a number of cars. The track was blocked for eight hours.

Pensions Granted.

Washington, Jan. 24.—Pensions have been granted to Indians as follows: Original—George Maxwell, Kouts, \$10; Moses H. Robbins, Hartford City, \$6; Emmet R. Baker, Smith Valley, \$6; Callahan M. are turning rapidly toward the tropical islands on our southeastern coast. The people are interested in hearing about these islands, their wealth, the condition of their inhabitants as to education and civilization; and, not least of all, in the question of how to get to them, how long the journey is, and the cost of it.

The Queen & Crescent Route, with its superb rail and steamer connections, forms a route which is over a hundred miles the shortest to these parts from Cincinnati and the North. New rail and steamer service goes into effect about December 1st, known as the CINCINNATI, FLORIDA AND HAVANA LIMITED. Shortens the time about 24 hours. Elegant service.
